- Riverside Elementary
- Socastee Elementary
- St. James Elementary
- Waccamaw Elementary
- Waccamaw Head Start
- Waterway Elementary

INTERNATIONAL INTERNSHIPS
Coastal Carolina University has partnered with several organizations and third-party providers to offer students internship opportunities in numerous foreign locations. All of these programs have been selected because they adhere to very high performance standards; however, each offers different levels of support services before, during, and after the experience.

In addition to the benefits provided by these high-impact experiences, most students can earn academic credit within their field of study if they meet departmental requirements. Special tuition accommodations are offered for several of these providers in order to make participation in these internships more affordable.

Internships give students valuable work experience and provide academic credit in their field of study. For more information about local, national, and international opportunities, contact Career Services at 843-349-2341 or visit coastal.edu/internships.
